New English File Upper-intermediate

Test and Assessment CD-ROM

### Introduction

Welcome to the *New English File Upper-intermediate Test and Assessment CD-ROM* – the complete teacher resource for testing and continuous assessment, with materials that you can customize for your students and your teaching situation.

This CD-ROM works in two ways:  
**In your computer** it has tests and continuous assessment materials as PDFs and Word documents, and full keys.  
**In your CD player** it has new listening test material to use in class.

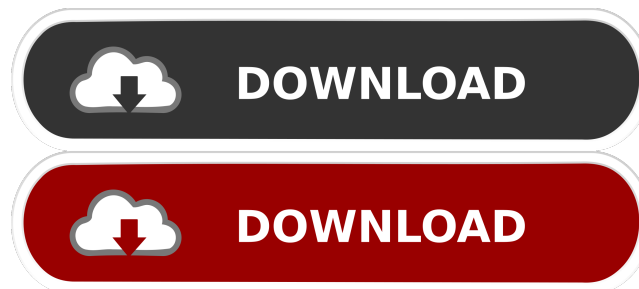

#### The tests on this CD-ROM

All the tests are provided as PDFs and as Word documents – the content is the same. You can print out the PDFs and use them as they are. (If you don't have Adobe Reader, get it from the [Adobe website](#).) If you want to adapt the tests, you can edit the Word documents and save them on your computer. If you have any problems opening the documents, go to the documents folder on the CD-ROM. There are two versions (A and B) of all the main tests (File Tests, Progress Tests, and End-of-course Tests). If your students don't copy each other then you can just use the A tests. If your students do copy each other then put them in pairs, one with an A test and one with a B test – it's almost impossible for them to copy each other's answers. (The A and B tests cover exactly the same material, but the questions have been changed and reorganized.) All the tests can be photocopied freely for classroom use. They may not be sold without the permission of Oxford University Press.
